LED TV SERIES 9

PRODUCT HIGHLIGHTS

75" LED HDTV

- World's Largest LED TV
- Samsung Smart TV™ with Full HD 1080p
- 2D and 3D in Full HD 1080p
- Clear Motion Rate 960

Experience entertainment that's larger than life, on the biggest LED screen on the market, with the Samsung UN75D9500.

An industry-topping 75-inch LED screen fills any room with incredibly sharp picture quality and amazingly lifelike detail – thanks to Full HD 1080p resolution, in both 2D and 3D mode. Turn on the power of connectivity with Samsung Smart TV, a web-enabled gateway that lets you connect with friends, play games, access your favorite apps and explore online. And with a Clear Motion Rate (CMR) of 960, the action in every scene is rendered with remarkable smoothness and clarity.

LED TV SERIES 9

UN75D9500 75'' Class (74.65" Diagonal) LED HDTV with 1080p resolution.

SPECIFICATIONS

Clear Motion Rate (CMR) is Samsung's more comprehensive and accurate way of measuring TV motion performance than the previously used Hz measurement. The previous system only measured the refresh rate of a TV panel. A TV's ability to deliver clear motion clarity goes beyond a panel's refresh rate. A CMR measurement is achieved by calculating the TV chipset and the backlight in addition to the panel's refresh rate resulting in a more realistic motion clarity metric. Simply put, the higher the CMR the clearer the picture quality.

Mega Dynamic Contrast Ratio 30,000,000:1

2D and 3D Full HD 1080p: Experience a greater level of detail and clarity in the picture than you ever thought possible.

One Design: The One Design family of LED TVs takes stunning TV images right to the very edge with an amazing ultra slim framed border that gives the appearance of "all picture."

Exceeds ENERGY STAR® standards: LED Energy Efficient, up to 50% less than the latest ENERGY STAR® specification depending on series and screen size in standard mode.

See www.energystar.gov for more details.

FEATURES

Samsung Smart TV™: An exclusive service that turns your TV into a web-enabled gateway where you can interact, watch, play and share with friends.

Full HD 3D (includes 4 pair of Active 3D Rechargeable glasses): See how 3D HD movies and sports come alive with a true sense of depth and action that leaps from the screen. Connect to a Samsung Blu-ray™ 3D Player to play 3D titles or intensify your viewing experience by upconverting regular 2D content to immersive 3D.* Two pairs of 3D Rechargeable glasses included.

*Full 3D experience requires 3D-native content; conventional 2D content can also be upconverted to near-3D image quality.

QWERTY Remote Control

Micro Dimming Plus: Samsung's most innovative LED picture contrast technology delivers the deepest dark tones and brightest whites, while eliminating the "halo" effect and image distortion associated with diffused light.

Skype™on Samsung TV: Enjoy the convenience and connectivity of free, IP-based, picture-in-picture video calls via Skype™ right from your couch: View it all lifesize on your Samsung TV.

Built-in WiFi

AllShare™ DLNA® networking: Feed content from other digital devices to your TV for you to enjoy on screen.

ConnectShare™ Movie: Connect a thumb drive or digital camera quickly and easily. User-friendly interface allows access to videos, a music playlist and pictures via the remote.

Ultra Clear Panel: Advanced technology lets you enjoy crisp image details, natural skin tones, excellent shadow detail and vibrant colors.

Wide Color Enhancer Plus: Delivers the entire spectrum of color and luminance for rich, saturated images with intense detail.
